Guru Purnima Celebrations 2022

13 July to 26 July 2022

Sathya Sai Grama,

Muddenahalli

*L*istening to the words of a *guru*, following in His footsteps, and most importantly, practising what He propounds, helps one to realise that there is only ONE divine principle which exists and permeates through creation, and therefore all are one.

Guru Purnima is that time of the year when one offers gratitude to the *guru* who compassionately teaches and patiently imparts the supreme knowledge.

Wednesday, 13 July, marks the auspicious Guru Purnima and this will also mark the commencement of the 14-day celebrations which will conclude on Tuesday, 26 July, the 43rd birthday of Sadguru Sri Madhusudan Sai.

It is the immense grace of God, which allows one to be able to live with a *guru*, love Him, learn from Him, work with Him, and understand the true purpose of life through Him.

Sadguru Sri Madhusudan Sai has been handholding every individual as an instrument of His *guru* - Bhagawan Sri Sathya Sai Baba. This is not a *guru-śiṣya paramparā* but rather a *guru-guru paramparā*. The time has come for everyone to realise this, that we are not mere disciples or *śiṣyas*, but rather *gurus* in the making!

We cordially invite you to be a part of this year's glorious Guru Purnima celebrations.

NATIONAL CONFERENCE ON MAKING HIGHER EDUCATION ACCESSIBLE AND AVAILABLE

Thursday, 14 July 2022 and Friday, 15 July 2022

A 'National Conference on Making Higher Education Accessible and Available' is being organised by the Sri Sathya Sai University for Human Excellence (SSSUHE) on 14 and 15 July 2022.

Gross Enrolment Ratio (GER) in higher education in India was 27.1 per cent for 2019-20, an improvement from the previous year's 26.3 per cent, as per the All India Survey on Higher Education (AISHE) 2019-20 report, which was released in 2021.

This National Conference will delve into how higher education can be made accessible and available to everyone, while also discussing the importance of incorporating human values into the system of University education. Social Entrepreneurship, which is one of the major aspects of preparing the youth for an effective and purposeful way of using their knowledge and skills in the service of society, while at the same time giving them the necessary freedom and enthusiasm to be innovative in their approach to solving societal problems, will be expounded in the Conference by eminent entrepreneurs from around India.

The confluence at the Conference will consist of educationists, academicians, vice-chancellors, chancellors, and deans from several universities and educational institutions, to share their knowledge from the validation of their experience.

INTERNATIONAL CONFERENCE ON
**POST-PANDEMIC REFORMS
IN MEDICAL EDUCATION**
FOR ACCESSIBLE AND AFFORDABLE
RURAL HEALTHCARE

Sunday, 17 July 2022 and Monday, 18 July 2022

An 'International Conference on Post-Pandemic Reforms in Medical Education for Accessible and Affordable Rural Healthcare' is being presented by the Sri Sathya Sai University for Human Excellence (SSSUHE) on 17 and 18 July 2022.

The COVID-19 Pandemic has revealed a critical need for the current medical educational system to provide affordable, accessible, comprehensive, compassionate, and high-quality healthcare to all, especially to the underserved populations living in villages.

This Conference will bring together leading medical education experts from India and other countries to share their ideas and programmes, build on conclusions from the 2021 conference, and lead the way to national and international reforms in format, curriculum, structure, funding, evaluation, and access to quality medical education.

GLOBAL CONFERENCE ON VEDIC IDEAS FOR A BETTER SOCIETY

Wednesday, 20 July 2022 and Thursday, 21 July 2022

A 'Global Conference on Vedic Ideas for a Better Society' is being organised by the Sri Sathya Sai University for Human Excellence (SSSUHE) on 20 and 21 July 2022, in conjunction with the Vedic Vigyan Kendra of Banaras Hindu University, Maharishi European Research University (MERU), Netherlands and Ministry of AYUSH.

Encapsulating the essence of the deep spiritual experience of ancient sages, the *vedas* are the heart and soul of Indian culture. Delving into the transcendental secrets of the Universe and uncovering the profound truths underlying all that exists, the *vedas* are a treasure house of knowledge and wisdom, covering a vast array of subjects ranging from art and architecture to science, medicine, healthcare, and spirituality. Exploring the realms of *vedic* thought offers an insight into living a holistic lifestyle that takes care of our inner and outer sanctuaries of existence. *vedas* are beneficial to the society in more than one way; be it their intonations, the words, the sound, the meaning, and its effect—it comes as a package of three aspects – the head of Shankara, the heart of Buddha, and the hands of Janaka. In other words, it is a compendium of wisdom and a treasure trove of compassion that translates into the magnanimity of service to all without any discrimination.

The two-day Conference aims to assemble a panel of experts and academicians in the field of *vedic* sciences and research to discover those *vedic* thoughts that have gone unnoticed, and relating to the contemporary needs of the society.

GLOBAL CONFERENCE ON UNITING RELIGIONS THROUGH SPIRITUAL WISDOM

Saturday, 23 July 2022 and Sunday, 24 July 2022

A 'Global Conference on Uniting Religions Through Spiritual Wisdom' is being organised by the Sri Sathya Sai University for Human Excellence (SSSUHE) on 23 and 24 July 2022.

Spirituality is the bedrock of all religions all over the world. Irrespective of the masters, their origin, the doctrines, and the rituals, there has always been an underlying unity in the very goal and message of religions.

Imbibing values from religion helps one live 'spirituality' in everyday life. Making religion relevant to the common man and to the next generation is important to bring back the balance between material life and spiritual life, so that the inhabitants of this planet shall find a greater purpose to their own lives, and move as harmonious peaceful individuals who will co-exist and contribute to collective prosperity. The world's collective consciousness needs to be uplifted from the mundane to the ethereal, and this needs attention to the basic questions that we have about life itself and find answers for it from the spiritual wisdom of religions. Hence, it is important to bring out the finer aspects of religion to make it relevant to the common man and as a means to solve the practical problems of current society.

This Conference will bring together a confluence of spiritual masters, philosophers, theologians, and motivational speakers from different spheres of religious practices and studies, to present a refreshing approach to religion, so as to secure its anchor in the unity of its abundant spiritual wisdom.
